# Harvie Ranching's 2nd Annual Bull Sale

*It is with great pleasure* we welcome you to the Second Annual Harvie Ranching Bull Sale. Our family has been in the purebred cattle business for 35 years and it was a pleasure to host our first on-farm bull sale last year. Hats off to our customers and friends for making it a great success. Thank you!

*Today*, the cattle market is dynamic and we believe it is a very exciting time to be a cow calf producer. Like you, we have stuck through the hard times and now it is time for us all to reap the rewards.

*Our core belief* is that "our cattle need to work hard for us." We strive to produce functional bulls that exceed customer expectations. Over the years we continuously go to great lengths to select TOP herd bulls and dams, no matter the distance. Our New Zealand genetics were selected to improve a trait that we feel is very important, "feed efficiency." This is especially true in the area of grass consumption. We have never strayed from our principles of using our top, up and coming herd sires, to keep a proven and consistent line bred herd. As we progress, we continue to be rewarded with a very low maintenance herd. The bulls are selected based on a number of criteria: birth weight, calf vigour, temperament, health and calving ease. We hold the theory "if we wouldn't use a bull, why should you?"

*The pen of Polled Hereford bulls* we have on offer is more exciting than ever. They are extremely high performing bulls that will demonstrate calving ease as well as ideal maternal instinct. These bulls represent the new era of the Hereford breed; thick, hairy and packed full of growth. They truly show why the resurgence in the Hereford breed is so strong. The herd sires represented in the offering are staples in the Harvie program: Raftsman, Traveler, Ladies Man and some of the up and comers - Ricochet and T-Bone. All of these ranch raised bulls bring their own dynamic traits to the plate.

*On the Charolais side*, feedlots continue to pay a premium for *Charolais* cross calves as they are considered to be the number one terminal cross. Whether it's a silver or buckskin calf, feedlots are capitalizing on Charolais feedlot performance with lower days on feed and higher carcass yield values. We are proud of the 2010 group and feel strongly that they may in fact be our best yet. They are stout, hairy and rugged... everything the breed should be. White or Red, there will be a Charolais bull that meets your needs at Harvie Ranching.

*We are extremely pleased* to present our first group of *Simmental* bulls for sale. The Simmental breed is powerful, these cattle are very maternal and also pack a lot of explosive growth. When we started building our Simmental herd, we went to great lengths to select the top cow families available. As we result, we are offering a very consistent pen of bulls. Please feel free to stop by the ranch prior to sale day to walk through the bulls. The coffee pot is always on! We look forward to helping you in any way possible with your 2011 bull needs.

*Look Foward to Seeing You at the Sale,*

Of course you will still be able to send your bids with any of our very competent sales staff, with the utmost confidence that your business will be tended to in a most professional manner. We do ask the for absentee bidding program that you give us a call first so that we may suggest bulls that would best suit your needs and your budget, as we have complete knowledge of the offering presented. 100% satisfaction is guaranteed when using this program. If the animal is not as described to you on purchase, you don't own him - no questions asked!

**Harvie Ranching Bull Warranty:** Harvie Ranching guarantees to sell you a bull that has passed a semen test performed by a licensed veterinarian. Should a Harvie Ranching bull fail to be a satisfactory breeder that is unable to physically breed a cow or heifer, a credit will be given towards the purchase of another bull. Should you have a problem, we have spare bulls available. We guarantee to provide you with a sound breeding bull, but will not provide replacement or credit for physical injury or mismanagement. Bearing this in mind, we strongly advise you to insure your bull. If you have a problem with your purchase it must be reported by July 15, 2011. All problems must be reported to Harvie Ranching in writing. The bull must be returned to Harvie Ranching immediately when the problem is detected, at the buyer's expense. Harvie Ranching will have the bull examined by a veterinarian, and will have 60 days to prove the bull a breeder. If the bull does not prove to be a breeder, the buyer will be entitled to a complete refund of the purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at Harvie Ranching's expense, and the matter will be considered closed. In the case of losses, Harvie Ranching will only be responsible for the original purchase price of the animal. We assume no liability, legal or otherwise, to make any compensation to the buyer.

Harvie Ranching reserves the right to in-herd semen use on any bull sold in the sale, with semen drawn at Harvie Ranching's expense, and the buyer's convenience.

"We have been using Harvie bulls since 2003 and have been pleased with the results. We have run up to six Harvie bulls in our bull string to service our 300 head commercial herd. Red factor Charolais bulls have added thickness and size to our calves coming out of our red and red baldy herd. We have tried red Charolais on our black herd to add size to the calves coming out of Angus cows and were happy with the outcome, which added the weight and thickness we were looking for. We have also used Harvie Herford bulls on our Char X cows. We have had very few calving problems and these bulls have produced healthy calves that hit the ground running."

## HAR 15X

Scurred, Red

Here is a bull that has a low birthweight but crushed down the scale this fall, as he is one of the highest performing bulls on offer. He is from a first calf heifer that put everything together right to make this impressive bull.

Here is a bull that as seen some miles on the show road this fall. At Agribition he was second in class and at Denver he won his class as the only red bull calf to be in division finals. His sire sold to Barry LaBatte for \$45,000 and his dam was the high selling female at Spring Creek's Female Sale. Harvie Ranching is retaining 100 doses of semen for in herd use. He is homozygous polled & a non-diluter.
