HARVIE RANCHING'S 3RD ANNUAL BULL SALE

Hello fellow Cattle Breeders,

It is with great pleasure that we welcome you to the 3rd Annual Harvie Ranching Bull Sale. We would also like to thank all of our buyers, bidders, and friends that continually support our program and allow us to breed cattle. This past year has been filled with much excitement; we welcomed a couple new additions to our family. In May, Cole & Jill's bundle of joy came into this world, Tinley Mary born on May 25, 2011. Then in December, surrounded by friends and family, Scott married his wife Kerrie. Two thousand eleven sure was a growing year for our family.

It is exciting to witness the beef industry excel in terms of innovation, market access and most importantly profitability. It is certainly rewarding to witness an increased value of cattle considering the hard work and dedication it takes to be a successful rancher. In today's beef market, optimism continues to rise at a fast pace and as rancher it is necessary to maximize profit. When the time comes to sell the calf crop, you want to ensure you are adding every extra pound possible. One of the best ways to guarantee this objective is by using a great bull. Successful bull buying is achieved by selecting strong bulls from reputable breeders. Our bulls are backed by the Harvie Ranching brand that is supported by a 35 year breeding plan built around profitable cattle.

This year our bull pen is more powerful than ever. Regardless of the breed you are looking for, you will find consistency. To keep the uniformity among the groups, most of the bulls are half to three-quarter brothers. Harvie Ranching guarantees all the bulls in the sale are qualified for breeding and have passed a semen test by a professional veterinarian. If you have any issues with the bull you buy, Harvie Ranching will make sure that you get looked after and get your cows bred.

To keep up with the continuous testing and improvement of the breeds; the Polled Hereford bulls have been tested to ensure no genetic defects, and the Charolais and the Simmentals were tested for homo poll gene.

All of us here at Harvie Ranching are passionate and focused on being in the bull business for the long haul. Rest assure that you can buy with confidence at our sale. If you are unable to join us at our sale, we offer 100% satisfaction on our sight unseen program. You are more than welcome to stop by and view the bulls prior to the sale, just give us a phone call to set up a time.

Please join us on March 26, 2012 for Scott's soon to be World Famous Smoked Beef and the warm hospitality from the Harvie Ranching crew.

Sincerely

The Harvie Family

"I bought a Hereford bull at the first sale in 2010. We wanted a bull that would calve easy and add pounds in the fall. As a result we got a great group of red and black baldies replacement heifers that we have created an added value market for. Harvie's always check in to see how the bull and progeny are doing. Harvie's have been very good outfit to deal with. I look forward to getting my next herd bull from Harvie Ranching."
