

HARVIE RANCHING INTERNET SALE

OCTOBER 12 -16, 2012, 6 P.M. MST

A FUTURE WE CAN ALL LOOK FORWARD TO

VISIT WWW.HARVIERANCHING.COM OR WWW.LIVEAUCTIONS.TV FOR DETAILS

WELCOME

Fellow Hereford Breeders, welcome to our second annual internet sale! We would like to thank everyone who participated in our sale last year, making it a great success. It is truly an exciting time to be in the Hereford breed. The 2012 World Hereford Conference held in July was exhilarating; the ranch hosted 200 breeders from all over the world. As well, the junior movement in North America continues to gain momentum, making it the strongest junior show of any breed.

This year we have selected a group of young females derived from proven cow families and elite herd sires. Their dams and/or sires have dominated the show ring and shaped our program into one of the most recognized Hereford herds in Canada. These females are uniformed, stylish, and maternal. They hold the genetic potential to positively impact the Hereford industry.

We decided to double the fun this year with a selection of pairs from each group. Starting with the top two yearlings destined to be elite donors, catching the attention of visitors passing through. The pairing of heifers selling goes as follows; Thrillers, Fireflies, Tailor Makes, Ladiesman/Ricochet, and Yankees. These beauties are dynamic, unique, and maternal. They provide every bit of quality that we can offer to make you money.

Lastly, we present our feature "The Pick of our 2012 Bull Calf Crop". We are offering a cross section of quality calving ease and performance bulls. This is an opportunity to find your next proven herd sire just like; Ladies Man, Raftsman, Traveler, T-Bone, Top Hat, Ricochet, Walk Hard, Tailor Made, and High Roller. There are over 30 outstanding bull calves to choose from.

The sale is hosted by liveauctions.tv and will open October 12th and close out will start at 6:00pm MST on October 16th. Videos of the lots can be viewed @ www.liveauctions.tv or www.harvieranching.com.

Please feel free to drop by at anytime this fall and be sure to make plans to view the sale cattle on display at Ian and Marlene's open house October 12th to the 16th. You can call, email, or visit with any of the Harvie Family members, we love talking cattle and will be sure to aid in making your decision easier. Good luck with the fall run and we look forward to hearing from you.

Sincerely,

The Harvie Family

TERMS & CONDITIONS

SALE START: Online bidding will start on October 12, 2012 at 9:00 a.m. MST, with the internet gavel coming down on the first lot at 6:00 p.m. MST October 16, 2012. Lots will then proceed to sell one after the other until all lots are sold. A sale order will be posted by 9:00 a.m. on October 16, 2012. Phone in bids will be accepted at the numbers listed below on this page for those without internet access. Videos of sale lots will be available for viewing at www.harvieranching.com and www.liveauctions.tv closer to the sale. Sale catalogues can be viewed at www.harvieranching.com, www.hereford.ca & www.liveauctions.tv. 

SALE CONTACTS: For further information on any of the lots or to phone in bids, please contact the following:

Ian: 403-507-3886 Cole: 403-994-1314 Jill: 403-771-3502 Scott: 403-586-4278 Will: 403-994-3825

TERMS & CONDITIONS: Terms of sale are cash. After sale ends Harvie Ranching will bill all winning purchasers. The cattle are being sold under the standard terms and conditions recommended by the Canadian Hereford Association.

BREEDING GUARANTEE: We guarantee all animals are sold as sound breeders. However, if we feel a heifer has been fed to an extreme level of obesity for the showing, we hold the feeder responsible for any reproductive problems and we will no longer be responsible for guaranteeing the reproductive soundness of that individual's animal. In the rare case of this occurrence, we will aid the buyer in attempting to breed the heifer, but we do not guarantee success. If a heifer is flushed before she has her first calf, Harvie Ranching no longer will guarantee that she is a breeder. All bulls will be guaranteed that they will pass a semen test in the Spring of 2013. If the bull calf doesn't pass a semen test a sale credit will given to purchaser.

PARTNERSHIPS/INVESTMENT CATTLE PROGRAM: For cattle that stay at Harvie Ranching, which were bought through the sale, will go into this program. Contact us for more details.

SHOW RIGHTS: Harvie Ranching reserves the right to show any of the animals that are in the sale. Show costs will be split between Harvie Ranching and the purchaser.

DELIVERY: Harvie Ranching will help the purchaser with arranging delivery on their purchase as soon as possible after the sale. All U.S. cattle will be delivered at our cost to Billings, Montana.

HOW TO PARTICIPATE: In order to participate in the online auction you will need to pre-register and obtain a buyer number. To do this go to the LiveAuctions website, www.liveauctions.tv, and select Harvie Ranching Online Auction. After logging in there is a link you can select that says, "register for a buyer number." This form requires you to fill out your bank's name, city, state, phone number and a contact. You may register to bid after bidding has opened but please remember that authorization to bid is not instantaneous.

HOW THE AUCTION WORKS: Once you have a username and have received a buyer number then you are ready to bid. You will see a screen that is unique to your user ID. There will be a list containing the sale lots. If you click on a lot the video clip or photo will be displayed to the right. The next bid, current price, proxy bid, and manual bid buttons will be displayed below the video area. This page will react to your bids by stating, "you are in" or "you are out." No one else will be able to see your bid – that data is not accessible to the public. Each time you login, the auction screen will display your personal bidding information. Your auction screen is unique and private displaying your activity to only you. Remember that you must have the lot that you are bidding on selected. This is where it tells you if you are in or out. It is here where you can also see your proxy (automatic) bid settings as applicable.

WHAT IS A PROXY BID?: With a proxy bid you can enter your maximum bid and then sit back and watch. When you enter a proxy bid amount the LiveAuctions system automatically bids on your behalf up to your maximum bid. If the lot closes out for less than your maximum, that's all you'll have to pay. This means that you don't have to keep coming back to re-bid every time another bid is placed. This makes it more convenient and less time consuming. It can also greatly assists those breeders that can't be near a computer or are busy with other duties at the time of the final bidding. Your maximum amount is kept confidential from other bidders and the seller. Even though you can see this amount on your screen, no one else can. The LiveAuctions system compares your bid to those of the other registered bidders and the system automatically places bids on your behalf, using only as much of your bid as is necessary to maintain your high bid position. The system will bid only up to your maximum amount as necessary to maintain you as the high bidder. If another bidder has a higher maximum, you'll be outbid and the system will tell you that "YOU'RE OUT." But, if no other bidder has a higher maximum you win the final bid.

QUESTIONS/ASSISTANCE: If you have questions or require assistance, please contact Jill Mader at 403-990-9187.

Ever heard of the saying “Where there’s smoke there’s fire”, well this female is smoking hot and is sure the light a fire in your herd. She is a long sided, deep bodied, goggle eyed firecracker with the genetic makeup to make her a stand out donor. Firefly 125Y comes from a long line of truly remarkable cows responsible for shaping our herd into what it is today. Her dam has raised two exceptional calves, both being presented in this year’s sale. 125Y’s sire, Winston has impressed many with his ability to throw low birth weights with high weaning weights, while maintaining moderate framed attractive cattle. We bred 125Y to Harvie Walk Hard, one of our favorite Raftsman sons. Firefly 125Y has the potential to be among the great cows of this breed, and we feel she is one of the best we have sold to date. Safe to AI.

AI TO HARVIE OVHF WALK HARD 154U APRIL 23, 2012 PASTURE EXPOSED TO HARVIE CAJUN ET 325Y (BAILOUT+FIREFLY 65P) MAY 25 TO JUNE 20.

This has to be one of the most attractive females we have ever produced. This young gal's make-up is simply flawless. Initially we decided to retain her in our herd, however, plans changed during the World Hereford Congress while she was on display at our ranch, where she became a crowd favorite. Visitors who saw 57Y made it clear that this was the type of female they would want to load up and bring home. Her dam has been a strong, youthful and consistent cow with a beautiful udder. Her sire, Willy, is a maternal brother to the 2010 Canadian National Champion Female and sired by the ever so popular Harvie Traveler 69T. This heifer will breed her type and is donor quality. She is bred to Winston 40Y a low birth weight bull that had our highest weaning and yearling. Winston was our most used AI sire last spring. Safe to AI.

AI TO HARVIE WINSTON 40Y ON APRIL 22, 2012. PASTURE EXPOSED TO HARVIE WINSTON 40Y MAY 25 TO JUNE 30.

This one is a 4th generation Firefly that carries the same greatness as the original matron, Firefly 51F. We are unbelievably proud of how this female's dam, Firefly 55W, is producing. This is her second calf and she has raised yet another outstanding individual. Her pairing with Harvie Thriller 67X is Harvie Ranching line breeding at its best. The Iron Lady 43A (which produced us Harvie Traveler and Harvie Ladies Man) is shown 4 times, twice on the top and twice on the bottom. There is two full sisters to Harvie Raftsman that are in the immediate pedigree (Firefly 65P and Firefly 24S). Firefly 168Z will be a force to reckon with in the show ring with even more power in her producing years.

She is a Thriller daughter shown at the side of a remarkable 3 year old Raftsman daughter, which sold to Anita Doktor for a top price of \$19,000 in our sale last year. Moderate, thick, and beautiful is the best way to describe the Unique cow family. The udder quality on the dam is picture perfect. Unique 152Z is a mirror image of her mom, with the added value of being a line bred Firefly and Iron Lady on top and bottom. We feel strongly that this heifer calf will become a front pasture female for many years to come.

We are pleased to be able to offer another daughter of the great Firefly 51F, a true elite matron of the Hereford breed. Firefly 19Z is developing into a well defined female. She is a thick, stylish individual that floats as she moves across the pasture. Her papers represent a combination of two highly influential Herefords. As a rare opportunity that represents some of the best breeding, Firefly 19Z will be destined for the show ring and finally the donor pasture.

Here's a 5th generation Firefly, who has upheld the strong reputation of her bloodlines. Yes, she is flat out "Awesome". Firefly 3Z is off of a first calf heifer that we exhibited successfully as a calf and as a yearling. Her dam, 20X is also a full sibling to Harvie Highroller ET 66X, Jr. Champion bull at Denver this year. Her sire is the popular Topp bull, 719T, that is doing a fabulous job siring highly sought after Herefords. Firefly 3Z is dark, extremely thick and well balanced in her make-up.

Ms Nylon 142Z has big shoes to fill to match her dam and full sister. Her full sister Ms Nylon 102U was Canadian National Champion Female and high selling yearling in Canada. While her dam has produced multiple donors/herd sires, and is a maternal sister to Firefly 51E There is a lot to love about Ms Nylon 142Z. She is sharp in her angles, stretched through the front end, and wide over the hip. There is lots of shine to this lady with all the potential in the world to be a front pen donor. Her sire, Ladies Man raised the bar on the definition of a functional female with eye appeal and a beautiful udder.

We originally bought the mother of this female as a calf because we wanted to own the next Remitall 20X, every Hereford breeder in the world knows how he turned out. And by luck, she was also our pick of the heifer calves on offer by Remitall-West. Well, we couldn't be happier with her first calf! She is thick, deep, and long sided. Her sire, Ricochet, has been stirring up excitement this year with his first females coming into production that can be noted as simply spectacular. 103Z's dam is out of the \$270,000 Remitall Super Duty, who has bred some superior animals for Square-D Polled Herefords. With this heifer's royal lineage, she is lining up for a bright future.

She is the first of the two Yankee daughters on offer. Ms Gwen 130Z comes from one of our more prolific lines of cow families. The Gwen's are known for their perfect udders, sleek front ends, and exceptional maternal strengths. Her dam has been in our donor program for three years now and we are acquiring great results through embryo sales and exceptional offspring. Her sire, Yankee, has crossed nicely into our herd. His calves are attractive with extra hip; they look like they are going to mature nicely. Ms Gwen was another breeder's choice on display during the World Hereford Conference. We see great thing in her future, due to the donor cows in her lineage.

A Yankee out of a Traveler! There is a lot of shape on this girl with show appeal to burn! Her dam is 3 year old cow who has given us one bull and one female. Both of her calves have been the thickest in their contemporary groups. The dam goes back to one of our old donors, Ms Joan 92J, who was a dam of distinction. This female is going to be fun to show, an awesome junior prospect here.

FEATURE LOT PICK OF THE 2012 BULL CALVES

CVIH 83Z

CVIH 68Z

CVIH 72Z

This is a new addition to our sale, but one that offers an investment opportunity to buy an elite herdsire of the breed. Our bull calf crop this year is of extremely good quality out of some of our best females. The pick will have to be made by the end of November. We will put more details, pictures, and videos about the bulls on our website. Feel free to tour the herd or call one of us to talk about the bulls. **Sires of the bull calves:** Harvie Highroller, Harvie Ricochet, Harvie Tailor Made, Harvie Ladies Man, P606, 719T, and Yankee. *Selling full possession and 2/3 interest.*
