**BULL
SALE**

AT THE RANCH, 1PM

MARCH 9•2021

OLDS, ALBERTA, CA

Welcome FROM HARVIE RANCHING

We want to extend a warm welcome to the 12th Annual Harvie Ranching Bull Sale held at the ranch and on liveauctions.tv, Tuesday, March 9th 2021. Our family operation feels incredibly fortunate to have such loyal customers, family and friends supporting our program every step of the way. We look forward to seeing you in person prior to the sale, sale day or online.

The Canadian Beef industry has seen optimistic signals all fall, with strong bred heifer sales and better than expected calf prices. Once again Charolais cross cattle topped the fall calf market, which is an affirmative signal that feedlots continue to pay a premium for added yield and conversion rates. The Polled Hereford influence is producing sought after baldy replacement females and added bone and body in market steers. The feedlots we've been visiting with are wanting to fill their lots and have ample feed to do so. The positive position that we are in as an industry is one that is encouraging to build upon. As such, we continue to work closely with HerdTrax, Dr. Waylon Wise on our herd health, tracking of data and bringing more information to you as a customer come sale day. We actively work towards breed improvement data and DNA collection; we are ranked at the top as a 5 Star breeder by the Canadian Hereford Association (CHA).

The Charolais offering is larger this year, we plan to continue increasing numbers in the years to come. As such, our goal remains the same, to ensure that these bulls have longevity, correctness, body and ultimately the added performance the breed is known for. Our lead off bulls are as impressive as we've seen at the ranch, they are off the Polly donor cow, a cow family built on growth, hair coat and maternal strength. We have an attractive group as a whole and the red factor bulls are just that much better this year than in the past. The Lot 1 Harvie Head Master ET 35H is the most impressive bull we've raised to date – he's worth the visit to the ranch.

On the Hereford end, we have the most level and solid set of bulls to date. There is an excellent cross section of calving ease and performance sires to choose from. The sire groups are progressively pedigreed with added muscle, shape, length and flex to their joints. The dams of many of these bulls were high sellers in the Harvie Ranching Complete Polled Hereford

Dispersal Nov 7th 2020. Now their dams are all over North America, destined to do great things in Hereford herds. Last year, most prospective buyers wanted short marked, dark coloured, performance bulls and so we look forward to feedback on how those bulls did this calving season. We will also listen closely as to what breeders are searching for this year.

Over the last year, our families embarked on promising changes to our operation in 2021. After 45 years, Ian and Marlene have decided to retire to spend more time with family, friends and future travel. Day to day we feel blessed that Ian and Marlene will be close by to help out when needed at Harvie Ranching or next door at Harvie Crest. As a step toward a succession plan, the Harvie Ranching Polled Hereford herd was successfully dispersed last fall. With a nice sized crowd and over 7500 viewers from all over the globe tuned in to this historic event, we were in awe of the respect paid to our breeding program. Ian and Marlene would like to sincerely thank you all for your friendships, business and support of raising their family in this ranching community in Mountain View County. They will undoubtedly be catching up with you along the trail and wish for you to keep in touch. Cole, Jill, Tinley and Lyla will continue to raise Charolais and Polled Hereford cattle in the years to come. Both breeds have been good to us; functional, marketable cattle that allow for growth, improvement and have garnered the confidence of respected commercial and purebred cattle breeders locally and around the globe. We have assembled a commercial herd of cattle, plan to expand our embryo transfer work and have increased the small Hereford herd of our own with purchases, leases and partnership cattle. Next year we plan to have a similar size of offering of Hereford bulls and larger numbers on the Charolais.

We look forward to calls and visits before the sale. You are always welcome to come for a tour to see the bulls and cow herd, the coffee is always on. We plan to have a meal sale day, please join us for a tasty lunch.

Sincerely,

Cole and Jill Ian and Marlene

EPDs Please note that EPDs may change from the time the catalogue is printed and registration papers are transferred. EPDs were taken on January 13, 2021. EPDs are not comparable between breeds.

Sight Unseen Purchases 100% satisfaction is guaranteed when using this program. If the animal is not as described to you on purchase, you don't own him - no questions asked!

Harvie Ranching Bull Sale Warranty The Harvie Ranching bull sale guarantees to sell you a bull that has passed a semen test performed by a licensed veterinarian. Should a sale bull fail to be a satisfactory breeder that is unable to physically breed a cow or heifer, a credit will be given towards the purchase of another bull from that consignor. Should you have a problem, we have spare bulls available. We guarantee to provide you with a sound breeding bull, but will not provide replacement or credit for physical injury or mismanagement. Bearing this in mind, we strongly advise you to insure your bull. All problems must be reported to the Harvie Ranching Bull Sale in writing. The bull must be returned to bull sale location immediately when the problem

is detected, at the buyer's expense. The Harvie Ranching bull sale, will have the bull examined by a veterinarian, and will have 60 days to prove the bull a breeder. If the bull does not prove to be a breeder, the buyer will be entitled to a complete refund of the purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at the consignor (or Harvie Ranching's) expense, and the matter will be considered closed. In the case of losses, the Harvie Ranching Bull Sale will only be responsible for the original purchase price of the animal. We assume no liability, legal or otherwise, to make any compensation to the buyer.

Harvie Ranching reserves the right to in-herd semen use on any bull sold in the sale, with semen drawn at Harvie Ranching's expense, and the buyers convenience.

THE HARVIE FAMILY

Left: Cole, Jill, Tinley and Lyla

Right: Ian & Marlene

TERMS AND CONDITIONS

Terms The terms of the sale are cash or cheque, payable at par at the sale location, unless satisfactory credit or invoicing arrangements have been made prior to the sale. The right of property shall not pass until settlement has been made.

Delivery Harvie Ranching will deliver up to 150 miles for free, further distances will be charged at cost. Bulls may be kept at Harvie Ranching until April 1, 2021 at no charge, after that time, bulls will be kept for \$3/day. Buyers who pick up their bull within a week of sale day will receive a \$50 discount/bull.

USA Delivery All bulls sold to the USA will be charged an additional \$250/bull and Harvie Ranching will deliver to an agreed upon central location in Montana or North Dakota.

Insurance Will be available sale day through Crossfield Agencies, Cassie Dorran 403.586.1699 • Camille Scott/

Michelle Marko 403.369.1791. Any bulls left at Harvie Ranching will need to be insured.

Volume Bull Discount A volume discount will be applied to multiple purchases as follows: 3 bulls, 3% • 4 bulls, 4% • 5 bulls, 5% • 6 bulls, 6% • 7 bulls, 7% • 8 bulls, 8% • 9 bulls, 9% • 10+ bulls, 10%

Announcements Announcements from the auctioneer will take precedence over material printed in this catalogue.

Registration & Transfer A registration certificate of the animal will be duly transferred to the purchaser.

Liability The owners, their employees, sale staff, and representatives accept no liability for accidents that may occur. Persons who attend do so at their own risk.

Live sale Seen as cattle sales are deemed essential, we will be conducting our sale as usual with additional Covid protocols in place.

LOT 1 One extraordinary bull starts the sale and is one of the most exciting bull calves we have raised to date. Head Master has a true herd bull presence that instantly draws you to him with his attractive front end, massive capacity, length of body and sound structure. Head Master is 1 of 4 full brothers on offer and all 4 brothers are top end bulls that truly represent the Charolais breed and what it has to offer the industry. We believe in this bull and plan on using him in our program so we are keeping an in-herd semen use.

LOT 2 Another elite herd bull with extra performance stemming from this exciting flush. Hightower is the highest performing bull on offer in our 2021 Bull Sale. What we admire most about Hightower is that he's going to add size but keep volume and fleshing ability. Cole's favourite 2020 heifer calf is a $\frac{3}{4}$ sister to 67H, and she's off of a maternal sister and sired by Apex too, she's a beauty. We are retaining an in-herd semen use on Hightower to add extra pounds to our herd, which we all know is what the Charolais have mastered.

LOT 3 One of the longest bodied bulls you'll find anywhere. He's smooth made, stout and correct. Cole believes this bull would work great on Angus cows to give you that added performance to top the markets in the fall. We decided to flush the beautifully uddered Polly 33C, after she knocked it out of the park with her first two calves.

LOT 4 Scale-tipping power bull off of one of the most successful flushes we have ever had. He's long, deep-bodied with added muscle, and has the performance that he'll most certainly add to his calves. Last year, our high selling bulls were off Over Time daughters. They just make great females.

ELH 72X Maternal Brother to 11H sold to Stahlville Colony

LOT 5 Big bodied, rugged haired, performance bull off one of the most proven 11 year old cows on the farm. We are flushing her daughter and 2 of her granddaughters. If you want to add maternal strength to your herd here is the bull for you.

LOT 6 Soggy made bull that is super sound. Hollywood comes from a proven calving ease cow that continues to raise top sale bulls year after year. One of my favourite sons of the 307Z cow was sold to Longson Land & Cattle two years ago. He's sired by Triumph 50B, a bull that is catching the attention of breeders across North America with his outcross pedigree and impressive herd bull strength.

104	12	40	19	0.503	0.48	0.84	1.19

LOT 7 Heavy muscled, athletic made and commanding in his presence, Game Choice is a contender on the front end of our Charolais bulls. Last year, Game Choice's maternal brother was one of our feature bulls that sold to Wheatland Colony and the year prior his brother sold to Sunset Feeders. The Rose 22D goes back to our Nadie 14W, a proven donor cow that we have used extensively. Since we rarely sell Charolais females at Harvie Ranching, we feel that cow families are tracked, evaluated and as a result are reliable like the Nadie 14W line. Lean into Game Choice – he's the right kind.

LOT 8 This is one cool looking dude. Haymaker is a stout made bull that really handles himself well on the move. He has moderate birth weight with a nicely designed front end that should calve easy. Haymaker's maternal brother topped our sale last year at \$20,750 to Triple C Charolais. His dam goes back to our Gellia cow family that raised several high end offspring for High Bluff Stock Farms and ourselves.

1 of 3 bull calves on offer off the Miss Kay cow family and this is the natural calf off the original Miss Kay. This is her 12th calf. Lot 18 is a soft made, deep sided bull that's got lots of longevity in him. The Cononail sons have been popular over the last couple of years due to their attractive phenotype and calving ease.

Big time power bull! He weighed 1300lbs at 10 months of age. Here's a bull that's going to add pounds to his offspring. Dam is a daughter of our Miss Kay 16R, which was the cow we selected when we bought pick of Kay-R Charolais bred heifers.

ELH 142H

CVH 173H

LOT 21 Perhaps Cole's favourite red Charolais in the sale he's easy doing, deep sided, and attractive made. With an 88lbs birth weight he still has lots of performance, as such we feel he could work in the heifer pen or cow field.

LOT 22 Big nuttred, lots of volume, and has performance to spare. His dam is a maternal sister to the dam of lot 20.

LOT 23 What a stud! He's off of a first calf heifer and he only has a 77lbs birth weight. Not only does he have a low birth weight but he's got lots of performance too. His dam goes back to Nadie 14W, our most proven donor cow.

LOT 24 A stout made bull that is sturdy and rugged in his make-up. His dam has produced 6 top bulls in a row that have all topped our bull sale. This year we hope she will have a female so that we can retain lineage from this maternal powerhouse.

LOT 34 Maybe it's the couple extra months of age that Venture has on the rest of the bulls that makes him stand out but yet again he has always been an impressive bull. You be the judge. Venture is a powerful made bull that has that extra herd bull look to him. We have always admired how well balanced he is with his attractive front end, long body and the amount of capacity he has. Last fall in the Harvie Ranching Dispersal Sale, his dam was our feature female as we made her Lot 1. Firefly 125Y daughters were among some of the high sellers in the sale averaging over \$13,000. We wished that there would have been shows last fall because we would have loved to bring Venture out. His sire All In has been gaining in popularity across the country due to his powerfully designed females and males. We believe in the genes behind Venture and plan on using him in our breeding program this spring both in AI and in embryo work. Venture is currently at Alta Genetics and is freezing semen so if you are interested in semen, contact Cole at 403-994-1314. **Selling ½ interest and full possession. Homo Polled by parentage.**

113.8	24.4	56.7	-1.3	1.5	-0.026	0.52	0.23

LOT 37 Since weaning Holding has come on the most of any bull in the sale. We really like how much eye appeal he has and the amount of middle that he carries. His dam Ronda 60Z has been a top female for us, producing several champions and high sellers. Holding's maternal brother, Sackett, sold for \$18,000 to Krogstad Herefords and his maternal sisters won titles such as the Bonanza Bred & Owned Reserve Champion Female and CWA Jr Champion Female. The Ronda 60Z cow family is consistent, reliable and sought after. Take another look at Holding.

CVIH 117H

LOT 38 Moderate framed, stout made meat machine. Holt is a super easy doing bull that's going to make a nice group of replacement females. Cole traveled to see All In's dam in Oklahoma and after setting eyes on her in person, he was excited to get All In daughters into production. Full brother to lot 37.

CVIH 50H

LOT 39 Not too often do we have a Horned Hereford in the sale but wow is this one is a ringer. If CWA was a go this last year, he would have been the first Horned bull we've ever shown. All through the summer, High Power was definitely a crowd favourite on herd tours. His full sister was our high selling female in the Dispersal Sale selling for \$31,000 to Storey Herefords. If you're wanting to add some performance High Power is one of the highest performing Herefords in the sale.

CVIH 47H Full sister to 50H sold for \$31,000 to Storey Herefords

CVIH 19H

CVIH 201E Sire of 19H sold to Krogstad Herefords for \$18,000

CVIH 40E Dam of 19H

LOT 46 Every day this bull impresses us more and more, he's an attention getter due to his dark colouring, extended front end, huge amount of capacity and athletic build. Dam is a maternal sister to Firefly 125Y the dam of many high sellers and lot 34. No matter what great attributes you are wanting to add to your program Hacket will get the job done.

LOT 47 Cherry red full pigmented bull with lots of hair. He's the youngest bull on offer but he makes up for it on performance. Dam was purchased from AXA Polled Herefords where she was the high selling bred heifer.

CVIH 57H

CVIH 269D Dam of 57H sold for \$24,000 Six Mile Creek Ranch

LOT 48 Probably the longest bodied, biggest topped bull on offer. You have got to see him in person to truly appreciate this bull. Cole has been telling people all year long that this is one of his favourite bulls not just because of how stout made he is, but because you won't find a bull with a better dam than him. People asked Cole which was his favourite cow in the dispersal sale and he would tell them Firefly 269D and that's why she led off the sale order and sold for \$24,000 to Six Mile Creek Cattle Company.

LOT 49 Huge performance in this bull with a 1470lbs adj yearling weight. Not only is he going to add pounds but he's going to a colour too. Every one of Firefly 29A's calves have been in the top end for performance.

LOT 50 Holden is dark red, short marked and thick made. He's a meat machine with some stand out EPD's (CE +0.1, BW 3.2, YW +119.6). He's another front-end bull off of the famous Riesling 295, and his 2 full brothers sold for \$17,000 and \$16,000 at the 2020 sale. The Endure bred heifers sold extremely well in our dispersal sale highlights were \$30,000, \$20,000 and \$15,500. If looking for a breeding tool, we would expect that this is an exciting option for many breeders.

CVIH 50H

LOT 51 Thick made, deep sided bull that also looks really good on paper. With a CE of 8.0, BW 1.6 and milk of 24.5 he's a bull to heavily consider for your program. He's going to add calving ease and performance a rare combination. In our dispersal sale the 141Y granddaughters sold for \$20,000 and \$18,000.

CVIH 209G Full brother to 175H and high selling bull last year to K-Cow for \$18,000

LOT 52 Homestretch hit a homerun on his EPD's and impressive phenotype. He is one of the darkest, biggest bodied bulls you will find anywhere, hands down. Ian's favourite bull this year. He's a maternal brother to the dam of Lot 34. We could go on all day about what this bull offers to the industry but we would recommend watching his video and even better to come over anytime and see him for yourself.

CVIH 8H

LOT 53 Every couple years, we go back to the semen tank and use T-Bone because he simply works on everything. Holland is an impressive bull off of a picture perfect first calf heifer. I'm not sure you'll find a more ideal female anywhere, for that matter. His dam, Ms Candy is one of Jill's favorite two-year-old females. Holland was 83 lbs at birth, has a Calving Ease (CE) EPD of 4.1, BW 3.0 and impeccable Milk and Carcass numbers. When building a herd, strong foundation females are needed and this bull has top females on both sides of his pedigree.

HARVIE RANCHING

30

2021 BULL SALE

RR#2 Olds Alberta
Canada T4H 1P3

A large, light-colored rock is the central focus of the lower half of the image. Carved into the rock is the Harvie Ranching logo, which is a stylized 'H' with a vertical bar through it. Below the logo, the words 'HARVIE' and 'RANCHING' are carved in a serif font. The rock is set against a background of dark, horizontal wooden planks. The overall image has a warm, brownish-orange color palette.
