HARVIE RANCHING

POLLED HEREFORD & CHAROLAIS

Bull Sale

Welcome FROM HARVIE RANCHING

We continue to work with Cow Calf Health Management Solutions to record, track and enhance our herd through tools such as Herdtrax. We are up to date on Genetically Enhanced EPD's and continually work to support breed improvements. Jill recently joined the Alberta Charolais Association as a board member and looks forward to enhancing breed programming and promotions.

Please give us a call if you have any questions on the offering of bulls, if purchasing sight unseen, we want to ensure you are getting what you are looking for and will guarantee satisfaction. We feel strongly that working alongside our customers is an important measurement of success, open communications allow for us to breed the right bulls, at the right time for the right marketplace. Thank you for your ongoing support and friendship.

Feel free to drop in prior to the sale, give us a call and we can meet you at the bull sale facilities for a tour. On sale day, we will have refreshments and a tasty homemade meal. The coffee will be on early, please feel free to give us a call if you have any questions.

Kindly,

*Cole, Jill,
Talley and Lyla Harvie*

We are pleased to host you for our 15th Annual Bull Sale. This year started off with a bang, as we made the decision to compete at the National Western Stock Show with a Carload of Hereford bulls. The bulls traveled incredibly well, the new yards are exceptional, and we saw great results in the ring. We felt the best part of the trip was seeing the quality of cattle on display and visiting with fellow breeders who in turn were impressed with our lineup of bulls.

We have had many positive reports from our customers seeing Harvie Genetics make a difference in both commercial and purebred herds this past year. Our Charolais group of bulls is level from end to end, we continue to add hair, width, length and substance to our bull offering. On the Hereford side, you'll find an emphasis on balanced EPD's with an attractive and durable phenotype.

EPDs Please note that EPDs may change from the time the catalogue is printed and registration papers are transferred. EPDs were taken on Jan. 10, 2024 (Hereford) and Jan. 23, 2024 (Charolais). EPDs are not comparable between breeds.

Sight Unseen Purchases 100% satisfaction is guaranteed when using this program. If the animal is not as described to you by Cole or Jill on the phone prior to purchasing, you don't own him — no questions asked!

Harvie Ranching Bull Sale Warranty The Harvie Ranching bull sale guarantees to sell you a bull that has passed a semen test performed by a licensed veterinarian. Should a sale bull fail to be a satisfactory breeder that is unable to physically breed a cow or heifer, a credit will be given towards the purchase of another bull from that consignor. Should you have a problem, we have spare bulls available. We guarantee to provide you with a sound breeding bull, but will not provide replacement or credit for physical injury or mismanagement. Bearing this in mind, we strongly advise you to insure your bull. All problems must be reported to the Harvie Ranching Bull Sale in writing. The bull must be returned to bull sale

location immediately when the problem is detected, at the buyer's expense. The Harvie Ranching bull sale will have the bull examined by a veterinarian, and will have 60 days to prove the bull a breeder. If the bull does not prove to be a breeder, the buyer will be entitled to a complete refund of the purchase price of the bull in question. Should the bull prove to be a breeder, he will be returned to the buyer at the consignor (or Harvie Ranching's) expense, and the matter will be considered closed. In the case of losses, the Harvie Ranching Bull Sale will only be responsible for the original purchase price of the animal. We assume no liability, legal or otherwise, to make any compensation to the buyer.

In-Herd Use Semen Harvie Ranching reserves the right to collect semen on any bull on offering to be used in their herd only, with semen drawn at Harvie Ranching's expense, and the buyers convenience.

TERMS AND CONDITIONS

Terms The terms of the sale are cash or cheque, payable at par at the sale location, unless satisfactory credit or invoicing arrangements have been made prior to the sale. The right of property shall not pass until settlement has been made.

Delivery Harvie Ranching will deliver up to 150 miles for free. Further distances will be charged at cost. Bulls may be kept at Harvie Ranching until April 1 2024 at no charge. After that time, bulls will be kept for \$3/day. Buyers who pick up their bull within a week of sale day will receive a \$50 discount/bull.

Insurance Will be available sale day through Canadian Farm Insurance Corp., Kolton Kasur 780.387.8376 (cell), 780-447-3276 (office), 780-349-1072 (after hours claims). Any bulls left at Harvie Ranching will need to be insured.

USA Delivery All bulls sold to the USA will be charged an additional \$250/bull and Harvie Ranching will deliver to an agreed upon central location in Montana or North Dakota.

Volume Bull Discount A volume discount will be applied to multiple purchases as follows: 3 bulls, 3% • 4 bulls, 4% • 5 bulls, 5% • 6 bulls, 6% • 7 bulls, 7% • 8 bulls, 8% • 9 bulls, 9% • 10+ bulls, 10%

Announcements Announcements from the auctioneer will take precedence over material printed in this catalogue.

Registration & Transfer A registration certificate of the animal will be duly transferred to the purchaser.

Liability The owners, their employees, sale staff, and representatives accept no liability for accidents that may occur. Persons who attend do so at their own risk.

Donation Heifers, Left to Right *Harvie Ms Firefly 90L, Commercial Harvie Ms 166L, Charolais Harvie Ms Cherry 134L*

DONATION LOT FOR DAWSON JACKSON'S EDUCATION FUND

Harvie Ranching welcomes you to help support a courageous young man from our cattle community. For every \$25 donation, we will put your name in to win one of three heifer options; a Registered Purebred Hereford, Registered Purebred Charolais or Commercial Red Angus-Hereford Cross. All donations will go to Dawson's education fund held by his grand parents Brian and Cathie Jackson.

For donations, please contact Cole Harvie (403.994.1314) and/or Jill Harvie (403.771.3502) in advance with the number of entries you would like in the draw. Sale day donations can be given to the clerk desk or via the text box on DLMS when lot 1 is in the ring at the beginning of the sale. Payment can be paid by cash, cheque or e-transfer to charvieranching@gmail.com.

You get to pick which of the three Harvie Ranching pre-selected heifers you want on sale day or before April 1st 2024. All proceeds will go to the Dawson Jackson Education Fund, we appreciate your valuable contribution and best of luck in the draw for a beautiful open heifer!

Dawson is an 8-year-old family friend who has had to overcome many challenges during his young life. In 2020 he was diagnosed with leukemia; he battled this Cancer for two long years and finally in February 2022 rang the bell and was cleared of Cancer. Sadly, in the summer of 2023, he faced the tragic loss of his loving father Jesse in a motor bike accident. The bond between father and son was incredibly strong, as Dawson grows up, we would like to honour Jesse's memory by helping Dawson have options for education to pursue a fruitful career. Dawson is a delight to be around, on his best days you'll find him spending time with his grandpa Brian at Rocky Mountain Grazing learning the ropes of being a fine young cowboy.

NSWW Carload Bull Yet, again, a Ms Medonte 236D son starts the sale. 40L's maternal brother was the high seller to Lock Farms, AB last year. 40L has been popular on cattle tours, firstly he is off an incredibly productive cow and second he is what the Hereford breed needs more of. He's stout! I mean he will add shape, body, pounds, big testicles and beautiful hair to his progeny. We are very excited to have this easy traveling, big quartered bull in our carload. Co-owned with Venture Livestock, AB.

Hudson ET 174H *Sire of 40L*

Ms Medonte 236D *Dam of 40L*

NSWW Carload Bull Harvie TFR Hand Made ET 25L is a stout made, long sided, homo polled Firefly 84F son. We've been fortunate to team up with Turkey Feather Ranch, Oklahoma who had kept this fertile dam in Canada to flush. She continues to have competitive bulls in our sale and females that will go on to produce results. Firefly 84F is consistent, no matter which way you breed her. In this case, 25L is a Hudson ET 174H who was the pick of the 2020 Harvie Ranching Dispersal who sold to Schmidt Herefords, Tom Walsh and TSR Cattle Co in the USA whom have had rave reviews on his calves, as have we. This is another power bull in our Carload that add strength in his design which is big topped, wide based, long bodied with ideal bone and foot. Owned with Turkey Feather Ranch, OK.

NSWW Carload Bull Harvie VF Pursuit 56L is hands down an incredibly versatile homo polled bull. His EPD's are impressive, his phenotype is ideal, we adore his hair, scrotal size, pigmentation, and smoothness of shoulder all the while carrying so much middle. This pedigree also offers something different. The Ronda 4Y cow has been around the ranch for many years, she is incredibly fertile and a no miss cow. Commitment 137J was a CWA Top Ten Supreme Finalist who has bred true and consistent. We are thrilled with his calves and Pursuit 56L is a shining example of this progeny. Co-Owned with Vern Featherstone, SK.

Harvie SCC Velocity 1L is an impressive Hudson ET 174H son that tips the scales. His maternal brothers Momentum ET 35L and Thrill Seaker 48L are made very similar bulls who made a splash at NWSS where they were purchased in the pick of the Carload by Fawcett Elm Creek Ranch, SD. Velocity 1L stayed home from Denver since he was a whole month older than the group of bulls we put together; for consistency in height he didn't make the trip but he's every bit as good! These are power bulls with extra eye appeal and growth. Velocity 1L has a strong presence in the bull pen, he will leave progeny that add pounds in the fall hence more money in your pockets. Co-Owned with Southern Cattle Co.

LOT 12 Impeccable EPD's, look with pigmentation, extra body and hair. 114L's grand dam Harvie Ms Unlimited 132B is a notable donor that now resides at Toch-View Livestock, Sk. The lineage from the 132B line has been absolutely bang on. Lining up Commitment 137J and Ms Unlimited was a match made in heaven. We are pretty high on this good looking bull!

LOT 13 Harvie MCSQ High Steaks 125L is a striking Commitment 137J son off the popular Harvie Ms Firefly ET 19F. He's a bull that's, clean fronted with extra rib shape and hip structure. With balanced EPD's combined with a phenomenal cow family and sire, he's a bull to take note of. Co-owned with McSquared, SK.

ELH 75L

LOT 37 A low-birth-weight option off the Polly 33C cow family. The Polly's always have presence, extra substance and hair.

LOT 38 This 83 lbs Historic 227J son is a hairy meat and muscle bull. He has eye appeal and presence in the bull pen.

LOT 39 Harvie Historic 94L is a high performing balanced EPD'd bull. There is a whole lot to this bull, he's thick, wide based, level topped with a clean front end. He's the right type that will yield pound on calves, hence added money in your pocket.

LOT 40 Calving ease option! A long bodied, smooth fronted bull that is shaping up to be a fantastic breeding tool for those wanting lower Charolais birthweights.

We can't keep our eyes off of Harvie Laredo 141L!

Backed by a strong dam, this Laredo 141F son is well put together, hairy with explosive muscle shape. We are excited to hear how this stand out bulls does in the field.

Harvie Turner is a calving ease option. We adored our Jabba 25J offspring, they came easy and grew incredibly well. We used Jabba again this last year to aid with birth weight and add shape and base to offspring. The Ms Rose cow is a nice young cow with much promise in our herd.
